

PROFESSIONAL SUMMARY

Goal-oriented Full Stack Developer with proven proficiency in React.js and Django seeking innovative web development roles. Demonstrated ability to enhance user experience through reducing load times by 35%, elevating engagement by 40%, and improving search efficiency by 66%. Adept problem-solver dedicated to creating scalable solutions that foster business growth.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Design, Redux
Backend: Python, Django, Django REST Framework, API Development, JWT Authentication, Node.js
Database: MySQL, Database Design, Query Optimization
Tools: Git, GitHub, VS Code, Postman, Vercel

WORK EXPERIENCE

Full Stack Developer Intern

I.T. VEDANT – JNTU – Hyderabad

Jun 2024 - Feb 2025

Educational technology provider specializing in IT training and software solutions

- Engineered dashboard application reducing data retrieval time by 40% using React.js and Django REST
- Optimized MySQL database queries resulting in 30% faster response times for high-traffic endpoints
- Applied responsive design principles improving mobile user engagement by 25%
- Collaborated in Agile environment, completing 90% of assigned tickets on time

Full Stack Developer Intern

CODE B – Remote

Feb 2025 - Apr 2025

Tech startup focused on developing software solutions for non-profit organizations

- Developed key modules for NGO web application with secure JWT authentication system
- Integrated Razorpay payment gateway processing in donations
- Built RESTful APIs handling 500+ concurrent users with 99.8% uptime
- Achieved a 45% reduction in page load time through code optimization and lazy loading techniques

PROJECTS

Vanshu Foundation – NGO Web Application

GitHub | Live

- Led the creation of a web platform using React, Django, and MySQL, leading to a 30% increase in donation conversion rates
- Integrated Razorpay payment gateway with role-based access control enhancing security and efficiency

Tech Stack: React.js, Bootstrap, Django REST Framework, MySQL, Razorpay API

Parallelogram – Social Media Manager

GitHub

- Created a platform for scheduling and managing posts across multiple social media platforms
- Developed an analytics dashboard with real-time metrics, elevating user engagement by 40%

Tech Stack: React.js, Context API, Django, MySQL

Dreams Dwellings – Real Estate Platform

Live

- Built a property platform with geolocation search, enhancing property discovery by 40%
- Implemented advanced filtering features, reducing average search time by 66%

Tech Stack: React.js, CSS Grid/Flexbox

EDUCATION & CERTIFICATIONS

B.Sc. Computer Science

Dr. LB College, ANDHRA UNIVERSITY, Visakhapatnam

Aug 2021 - May 2024

GPA: 8.1/10.0

Python for Web Development – IBM (2024) | Data Analysis with Cognos and Tableau (2023-2024)

ACHIEVEMENTS

- Participated in University Web Hackathon (2023)
- 3rd Place, ITVEDANT Annual Coding Competition (2024)
